

# **AELS**

**Aircraft End-of-Life Solutions**

Your partner in creating **green** value

# The AELS Total End-of-Life Solution:

- Maximizes your revenue
- Minimizes your burden
- Sustains your corporate values
- **Minimizes environmental impact**

**End-of-Life Decision Support**  
Assisting aircraft owners with insight into aircraft end-of-life value and possible strategies.

**Aircraft Disassembly**  
The safely removal of components for re-use according to all aviation regulations.

**Aircraft Dismantling**  
Preparation of the aircraft for recycling of materials.

**Component Management**  
The marketing, sales, MRO and logistics required before a component can be re-used on another aircraft.

**Material Recycling**  
Recycling of the valuable materials such as aluminium. Around 85% of an aircraft is recycled.
